# We're Moving!

April 14, 2026

Dear Valued Patient,

We are pleased to inform you that on May 18, 2026, we will open the doors to our new, more spacious and comfortable office suite. Our new address will be 3 Shaws Cove, Suite 211, New London. Please note that our phone number remains the same: 844.482.7285.

Our new office offers ample parking and convenient ground-level access. The suite is located at the rear of the building, providing easy and comfortable access for all our patients.

Since opening our practice in New London, your loyal support and trust have helped us grow, and we are grateful for the opportunity to serve you. Over the past several months, we have been searching for a new home that would allow us to better meet your needs, and we are happy to share that we have found one.

May 14, 2026, will be our last day seeing patients in our current location in New London. Beginning May 18, 2026, we will welcome patients to our new office at 3 Shaws Cove, Suite 211.

Everything else you are familiar with will remain the same—the same staff, the same physicians you already know, and the same expert vascular care you have come to expect from us.

We look forward to welcoming you to our brand-new office suite.

Sincerely,

***The Physicians and Staff  
The Vascular Experts – New London***
